### **LOGGING ON**

• If your district has opted to utilize signal sign on and you have already created your single sign on account, please follow the prompts on the login screen to retrieve your password.

### ATTENDANCE AND GRADES

- The first thing you will see upon logging-in to our system is the "Attendance and Grades" at-a-glance page. This provides easy access to recent grades, and classroom attendance. The "current" grade, or standing in the class, are listed under the appropriate semester (S1=semester 1), and clicking on this link will bring up a detail page for grades in that class. Clicking on the teacher name will activate a link so you can easily e-mail the teacher.
- Along the side of the page are icons to lead you to different areas of the Parent Access.

### ATTENDANCE DETAIL

- The detail for attendance will show a reasonable span of time around the current date. You will be able to see absences, tardies and other codes. A clear space indicates the student was present.
- A legend for this screen is available at the bottom of the page.

### **CLASS SCORE DETAIL**

• If you click on the score for a class, you will then see the *Class Score Detail* screen, outlining assignments. Different teachers will provide different levels of detail for each assignment and category.

### **TEACHER COMMENTS**

• The *Teacher Comments* screen provides information via each teacher and course. Teachers have the optional ability to provide a comment, but comments will most likely be added at interim and at the end of marking periods. If a teacher does have a comment for your child, it can be accessed by clicking the "Teacher Comments" icon on the toolbar within the Parent Access.

### E-MAIL NOTIFICATION

- You can ask PowerSchool to send you periodic e-mail detailing information about your child's progress in school.
- This screen requests what you want to know in each e-mail, and how frequently you wish to receive the e-mails. The frequency of when you receive e-mails is up to you. If you ever need to change the address where e-mails are sent, you can change it from this screen at a future date.
